Education and  
Career Goals to  
Motivate My Child

“

Even though education and career goals may change, they are **powerful motivators** to be the best you can be

“

Parents are an  
**influence and inspiration**  
for our students' education and  
career aspirations

The background of the slide features a deep blue, textured surface resembling water with gentle ripples. Overlaid on this is a large, dark blue triangle that points downwards towards the bottom center. The top vertex of this triangle is at the top center of the frame, where it meets a small, light blue triangular area. The text is centered within the dark blue triangle.

What education and career  
guidance has my child  
experienced in school?

How can I use this to  
motivate my child?

# ECG @ CWSS

Focus for Sec 4/5: I study and work hard towards the pathway to my career goals/aspirations

Where am I going and how do I get there?

Which industries/jobs match my strengths and interests?

Which pathway after secondary school is the path for me to prepare for what I want to be?

What are the steps I need to take to get there? Where and who can I turn to for help in making good decisions?

# FutureMe

In JANUARY: Our students...

Explored and reflected on their career interests  
using MySkillsFuture portal

Decided on the institution/course and target score  
they need to get there

Made a card with their education and career goals,  
and a photo of themselves as they would like to be  
in 10 years time

# FutureMe

## Power of visualizing success

School has printed 2 copies (one for home, one for school)

Use card as reminder of what success looks like → work now towards success

A photograph of four students in school uniforms (three girls and one boy) smiling and looking at a plant in a garden. The text 'About MySkillsFuture' is overlaid in white, with a play button icon to the right.

# About MySkillsFuture
